SUMMARY

Frontend / MERN Stack Developer with 3+ years of experience building scalable, high-performance web applications using MERN Stack. Specialized in UI performance optimization, reusable component architecture, responsive design, & API integrations. Proven ability to deliver user-centric interfaces, reduce load times, & collaborate in Agile environments.

TECHNICAL SKILLS

Frontend: React.js (18+), Next.js (13+), Redux Toolkit, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Responsive UI, Component Architecture
Backend: Node.js, Express.js
Tools & Technologies: Git, GitHub, Docker, MongoDB, Jest, Puppeteer, Cucumber, Postman, Formik/Yup, Agile/Scrum, Next.js SSR / SSG, JWT Authentication
Roles: Frontend Developer, React Developer, MERN Developer, UI Developer

EXPERIENCE

Mymoneykarma Infomatics India Pvt. Ltd.   **June 2023 – September 2025**
Software Engineer   *Hyderabad, Telangana*
- Built & optimized UI for **3+ major portals** using React, Next.js, & Tailwind CSS, improving page load time & boosting Lighthouse performance score across modules.
- Developed **reusable components & UX flows**, reducing development time for new features.
- **Optimized state management using Redux Toolkit**, improving data consistency & reducing API call redundancies.
- Improved mobile responsiveness & usability, contributing to a **25%** increase in user satisfaction (internal feedback).
- **Collaborated with backend/design teams** to deliver features in a timely sprint.

The Workshop   **Aug 2022 – June 2023**
Frontend Developer   *Jabalpur, M.P.*
- Built the first version of The Workshop's website, translating design ideas into functional pages.
- Contributed to improving site flow & usability for the initial MVP, gaining hands-on experience & strengthening early development skills.

PROJECTS

MyMoneyKarma Partner Portal
Created **responsive & reusable UI components** used across internal platforms, improving interaction flow & ensuring a **consistent user experience**. Integrated APIs for onboarding & loan management across multiple lenders, improving data reliability.

MyMoneyKarma Customer Portal
Built user flows for loan / credit card applications & **digital gold** purchases used by thousands of customers. **Strengthened security & form validations**, reducing failed submissions. Improved UI accessibility & consistency, achieving **higher Lighthouse benchmarks**.

KarmaPro – Digital Loan Management Platform
Built **dashboards, document workflows, & onboarding flows** for better visualization of customer data. Improved **Formik/Yup validation**, reducing user submission errors, & optimized dynamic rendering for faster page transitions.

EDUCATION

Full Stack Web Development   **June 2022 – May 2023**
Newton School   *Bangalore, Karnataka*

Shriram Institute of Science & Technology   **Aug 2015 – June 2019**
Bachelor of Technology in Mechanical Engineering - CGPA 8.38   *Jabalpur, Madhya Pradesh*
